REASONS FOR RECOMMENDATIONS

- 1.2 The Committee is requested to decide in respect of each application submitted by Ward Members for Neighbourhood CIL Funding, in line with its terms of reference set out in Article 7 of the Council's Constitution.
- 1.3 The Policy & Resources Committee were requested by the Finchley & Golders Green Area Committee in February and October 2020 to review and clarify the current CIL Funding Policy and Eligibility Guidelines.
- 1.4 On 8th February 2021, the Policy & Resources Committee discussed a report concerning the CIL funding process. It was agreed that each Area Committee should consider, develop and approve their own CIL funding priorities for each financial year starting in 2021/22. In addition, it was recommended that comprehensive guidance be developed for CIL Area Committee Budget and the Road Safety & Parking Fund to ensure that Members can make informed decisions when receiving applications for funding.
- 1.5 At its meeting on 24th May 2021, the Policy and Resources Committee agreed in respect of Area Committees:
 - that each Area Committee be allocated £400,000 of Community Infrastructure Levy (CIL) funding per financial year
 - to remove the funding limit for each individual Area Committee CIL funded project (which will operate within the approved annual budget)
 - the new CIL Funding Application Guidelines and Funding Application Form
- 1.6 The Area Committees have considered and agreed their priorities for CIL funding for 2021- 22 and these can be accessed via the links provided in section 6 under Background papers.
- 1.7 The priorities do not restrict the Area Committees from approving funding requests that are not agreed priorities. The Area Committee could choose to approve something that is not an identified priority providing it meets the legal definition of infrastructure.
- 1.8 The purpose of the priorities is to enable Area Committees to make informed decisions about the requests before them. This will allow each Area Committee to make appropriate decisions on how funding is allocated in line with the specific infrastructure needs of the area.
- 1.9 Community Infrastructure Levy (CIL) is a planning charge that was introduced by the Planning Act 2008 Part II to help deliver infrastructure to support the development in an area. CIL is a standard charge collected from developers on a rate per square metre basis and the funds raised are spent on infrastructure to support the development of an area. Part of CIL funding is allocated to the Neighbourhood Portion and managed by the three Area Committees for Finchley & Golders Green, Hendon and Chipping Barnet.

- 1.10 For schemes approved by Area Committee for funding above £50,000 these are recognised as more complex to deliver. The relevant Executive Director will ensure the appointment of a senior Council Officer to sponsor the scheme and the coordination of Council services, ensure the appropriate project methodology is adhered to, with the scheme set up for a successful delivery. It is recognised that these schemes may deliver outside of the financial year in which they are approved.

2. ALTERNATIVE OPTIONS CONSIDERED AND NOT RECOMMENDED

- 2.1 Not applicable; Members of the Council are able to submit applications for Neighbourhood CIL funding to the Area Committee via Members' Items. As a result, the Committee are requested to consider and determine the applications submitted by Ward Members. Therefore, no other recommendation is provided from Officers.

- 4.2.2 The Policy & Resources Committee on 24th May 2021 agreed to remove the funding limit per scheme and that Area Committees operate within their annual budget. This enables Area Committees to consider using the increased CIL allocation to fund larger projects with the opportunity to unlock significant community benefits.
