As David Forrest stated at conference in Toronto in 2012 'marginal gamblers induced to participation by ease of access do not appear prone to problem gambling and more children gambling does not carry through to more children being problem gamblers. Additional Comments

I have worked in Gaming Industry for over 15 years. I have gained a lot of experience working first in operations within numerous venues across London, including Ealing, Acton, Southall, Wembley, Shepherds Bush, Holloway and more. I have spent a few years working as part of Income Protection team, carrying cash collections in London area and many towns and cities all over the country. In 2019, I joined Audit and Compliance department. In the past 3 years, I have completed a number of Local Area Risk Assessments for existing venues as part of annual compliance audit and newly opened venues across the country. I fully understand how some neighbourhoods could prove challenging due to different levels of depravation and ethnical diversity and how important it is to have safety measures in place to, as an operator, minimize the risk to potential customers and employees – Agnieszka Szczerkowska (Internal Compliance Auditor).

This document provides an assessment of risk at premise level relating to the provision of these facilities for gambling. Merkur Slots is a national operator and employs several standard policies, procedures and control measures across all premises. These issues are clearly articulated in the "Compliance Manual" to be found in the premise and in our Player Protection Framework. The company also carries out premise's security risk assessments (available on request) and health and safety risk assessments which inter alia relate to the objective of keeping crime out of gambling.

Where relevant, Merkur Slots has also considered any substantive local risks identified in a wide range of policy statements related to gambling and local area profiles specifically related to gambling. However, the company does not operate discriminatory policies against any identified groups based on social demographic or ethnic origin. Therefore, identification of issues relating to gambling related harm are based on individual customer behaviour even where particular groups are identified through research at being at greater risk of gambling related harm.

Subject: Objection to the proposed change of use of 118 High Street Barnet EN5 5XQ – (Planning Application 22/3158/FUL) into an adult Gaming Centre

** Warning External Email **

Dear Licensing Department,

I write to you on behalf of the Barnet Society to object to the proposed change of use of 118 High Street Barnet EN5 5XQ – (Planning Application 22/3158/FUL) into an adult Gaming Centre. The grounds for objection are in the attached letter.

Please acknowledge receipt of this email.

Please also confirm whether I need to upload the objection formally on any site or portal you have?

Kind Regards

8th of July 2022

To the Licensing Team,

118 High Street Barnet EN5 5XQ – 22/3158/FUL

The Barnet Society strongly objects to this planning application for the change of use of the ground floor of a vacant bank (Class E) to an Adult Gaming Centre (Sui Generis) on the grounds that it will negatively impact on the area.

We are particularly concerned of the anti-social impact of allowing licensing of such an establishment given:

- The volume of under 18s attending Barnet college and local schools with sixth forms whose students regularly pass as 25+ in other establishments.
- The Considerable numbers of vulnerable adults living in nearby supported or housing list priority accommodation who are specific targets of late and overnight gambling.
- \There are already three betting shops in the same street in an area being at high risk of harm from gambling due to the local characteristics.
- This proposal includes an extensive slot machine gambling operation which other branches operate for 24 hours a day and sets a dangerous precedent if adopted as Barnet High Street does not support a night-time economy, given there are just 6 bars in the entire High Street from the Meadway to Hadley Green with few staying open later than midnight throughout the week
- Gaming arcades have been proven to be well above the line in the scale of detrimental commercial uses that put off other businesses from moving into an area. Given the current state of the High Street we think it would be remiss to allow this planning application

We hope that the above matters can be addressed either by an outright rejection or if necessary, through conditions on any planning permission to curtail opening hours and the inclusion of safeguards for vulnerable adults

Yours sincerely

A Tjirkalli

Dear Andreas Tjirkalli

I am just following up on my email to you of a couple of weeks ago regarding the representation to Merkur Slots 118 High Street EN5 5XQ.

I have been asked to clarify something in relation to the representation received by Licensing, that was sent in on behalf of the Barnet Society. Within the representation, mention is made to the Planning application reference number, rather than the reference number that relates to the Licensing application.

Please could you confirm whether the representation submitted to the Licensing team was in relation to the Gambling Licence application?

Kind Regards
