A&S13	Adults & Safeguarding	Extra Care Housing 2	Extra Care development of fully integrated service for older people to rent, offering a wide range of services as an alternative to more expensive residential care. Proposed scheme of 50 units based with 50% high needs, 25% medium needs and 25% low needs. Saving is modelled on a 10K saving per person per year, based on the difference between the costs of residential care and extra-care. Saving will be achieved if the scheme is targeted at those who would otherwise have their needs met by residential care.	Design principles agreed through consultation on Extra Care 1 (Ansell Court) will be applied in extra care 3, e.g. all flats fully wheelchair accessible. Service specific consultation will be undertaken if required.	This change will increase the range and choice of services available in Barnet.	Satisfaction may increase for adults living in this provision who should be enabled to live more independent lives.	The equalities impact assessment has been refreshed and shows an overall positive impact.	(100)	(70)			(170)
A&S14	Adults & Safeguarding	Extra Care Housing 3	Plans are in place to develop a third Extra-Care Housing scheme at Cheshir House, with 75 units. Current savings projections are based on conservative assumptions using evidence from the first scheme.	Design principles agreed through consultation on Extra Care 1 and 2 will be applied in extra care 3, e.g. all flats fully wheelchair accessible. Service specific consultation will be undertaken if required.	This change will increase the range and choice of services available in Barnet.	Satisfaction may increase for adults living in this provision who should be enabled to live more independent lives.	The equalities impact assessment has been refreshed and shows an overall positive impact.		(210)			(210)
A&S22	Adults & Safeguarding	Progression for people with a learning disability	This is a continuation of a saving based on the principle of 'progression', which is that each person with a learning disability has the potential to increase independence if they are given the appropriate care and support. Working with people who use care and support services to be more independent and where appropriate to be supported with less intensive forms of support. This includes using more evidence based approaches to commissioning placements and assistive technology to support adults in supported living settings.	Individual consultation and engagement with individuals and their families as part of the care and support planning process. Individuals and families will continue to be at the centre of the process as any plans are developed and supported.	Will lead to changes in the way in which the needs of eligible individuals are met but eligible needs will continue to be met.	Moderate - likely to require changes to packages of care. Eligible needs will still be met but some users and their families may prefer alternative care and this could lead to dissatisfaction. Others may be more satisfied given increased levels of independence and meeting personal goals.	The equalities impact assessment has been refreshed and shows an overall positive impact.	(500)	(150)			(650)
A&S31	Adults & Safeguarding	Increased use of prevention services	The saving is based on Prevention Co-coordinators working with more people at the first point of contact for adults requesting care and support (the 'Front Door'), to delay the development of care needs and ensure that preventative / alternative options to formal care are fully considered and utilised.	Individual consultation and engagement with individuals and their families as part of the care and support planning process. Individuals and families will continue to be at the centre of the process as any plans are developed and supported.	This change will increase the range and choice of services available in Barnet.	Satisfaction should increase for people, who should live more independent lives. Wherever a person requires or requests a social care needs assessment, these will continue to be carried out in accordance with the Care Act (2014).	The equalities impact assessment has been reviewed and continues to show an overall positive impact.	(200)	(200)			(400)
A&S8	Adults & Safeguarding	VAT efficient leisure contract (Income)	Working with our leisure services provider to maximise the VAT efficiency of their contract and service, with the Council benefitting from the saving.	Service specific consultation not required	No resident or staff impact	No resident or staff impact	An equalities impact assessment is not required as there is no change to the service provided to residents and no impact on LBB staff.	(184)				(184)
A&S9	Adults & Safeguarding	Leisure Management Contract – Annual Payment (subject to market conditions) (Income)	Over-delivery against projected income from the GLL leisure services contract	Service specific consultation not required	No resident or staff impact	No resident or staff impact	An equalities impact assessment is not required as there is no change to the service provided to residents and no impact on LBB staff.	(258)				(258)
A&S32	Adults & Safeguarding	Progression for people with a Mental Health support need	This is a saving based on the principle of 'progression', which is that each person with a Mental Health need has the potential to increase independence if they are given the appropriate care and support. Working with people who use care and support services to be more independent and where appropriate to be supported with less intensive forms of support. This includes using more evidence based approaches to commissioning placements.	Individual consultation and engagement with individuals and their families as part of the care and support planning process. Individuals and families will continue to be at the centre of the process as any plans are developed and supported.	Will lead to changes in the way in which the needs of eligible individuals are met but eligible needs will continue to be met.	Moderate - likely to require changes to packages of care. Eligible needs will still be met but some users and their families may prefer alternative care and this could lead to dissatisfaction. Others may be more satisfied given increased levels of independence and meeting personal goals.	The equalities impact assessment has been refreshed and shows an overall positive impact.	(200)	(200)			(400)
A&S35	Adults & Safeguarding	ASC Debt recovery improvement/default direct debit	The work of the debt project will support residents to increase recovery rates, including through default direct debit set up to make payment easier.	No service specific consultation required	This approach is expected to have a positive impact on service delivery	There may be some minor negative impact on customer satisfaction	An equalities impact assessment has been undertaken and this proposal will have a minor impact on the overall cohort of older adults, adults with some disabilities and who are female. There should be no negative impact on service delivery but may have some minor impact on customer satisfaction. The recommendation is to proceed with adjustments including support to residents where they have not made regular contribution payments in line with their assessed financial contributions. A&S37	Adults & Safeguarding	Continuing Health Care	Maximising income against current agreements for Continuing Health Care. Based on process improvements, exploring opportunities to update arrangements if any opportunities are being missed. This is also based on a 2.8% increase in numbers of people coming forward for support, this is a proportionate increase. This links to the demographic growth pressure.	No service specific consultation required	This approach is expected to have a positive impact on service delivery	No resident or staff impact	An equalities impact assessment is not required as there is no change to the service provided to residents and no impact on LBB staff.	(1,100)	(100)			(1,200)
A&S38	Adults & Safeguarding	Employment for adults who require care and support	A new Council wide carved employment scheme to provide a useful step on the work undertaken by BOOST. Promotes independence and reduces need for more traditional day services and their associated costs. DEPENDENCY – Creation of a council wide carved employment scheme which provides 15 job opportunities over first two years. We are ambitious about this and want to bring this to the Barnet Partnership Board to roll out across partnership organisations. This is a cost avoidance saving based on lower use of day services as a result of employment.	No service specific consultation required	This approach is expected to have a positive impact on service delivery	Satisfaction may increase for adults receiving this support who should be enabled to live more independent lives.	An equalities impact assessment has been completed and shows an overall positive impact.	(30)	(60)			(90)
A&S39	Adults & Safeguarding	Housing for adults who require care and support	Increased joint working with housing to increase access to settled social housing tenancies for adults who require care and support. This is a cost avoidance saving.	No service specific consultation required	This approach is expected to have a positive impact on service delivery	Satisfaction may increase for adults receiving this support who should be enabled to live more independent lives.	An equalities impact assessment has been completed and shows an overall positive impact.	(75)	(150)			(225)
ENV11	Environment & Climate Change		Delivery of West Hendon Playing Fields Masterplan, Progress with Royal Institute of British Architects (RIBA). The stages will include professional fees required to deliver planning consent; including but not limited to site surveys and investigations, multi disciplinary design team, project management, cost consultancy, civil and structural engineering and planning fees. Potential phased development of proposal would return savings from prioritised facilities. Saving is predicated on securing capital investment to deliver financial benefit. Detail will be presented in the Outline Business Case to be presented to Committee for approval.	Service specific public consultation undertaken in 2018 and 2019. Report presented to Environment Committee. Key stakeholders including statutory bodies. https://engage.barnet.gov.uk/we-asked-you-said-we-did	It is anticipated that subject to investment and scheme approval, there will be a responsibility for the service to manage contracts/ slaps/ partnerships as a result of delivery. This will be reviewed as part of a management options appraisal, detailed within the Outline Business Case.	Investment into West Hendon Playing Fields will transform opportunities for local residents providing a range of facility mixes and improved environmental benefits.	EqIA and HIA undertaken as part of Environment Committee report (March 2020). https://barnet.moderngov.co.uk/feListDocuments.aspx?Cid=695&Mid=9910&Ver=4 Further EqIA / HIA to be completed as part of design development / Outline Business Cases.		(200)			(200)
ENV13	Environment & Climate Change		Introduction of semi-permanent café buildings at five sites within the Borough, generating revenue through lease arrangements. Purchase and installation of five cafes at £150k each, funded by ten-year loan. First year surplus estimated at £24k for five sites, allowing for loan repayment and interest. Saving is predicated on securing capital investment to deliver financial benefit.	Market engagement to review interest in proposal.	Increase in facilities across the parks and open spaces portfolio. Anticipated that specific lease agreements will be secured with market providers / organisations to deliver offer.	The opportunity is anticipated to improve customer satisfaction, providing venues within parks for the community.	An Equality Impact Assessment (EqIA) will be produced as the specific proposals develop.	(24)	(24)			(48)
ENV14	Environment & Climate Change		Improvement plan for tennis delivery and facilities within Barnet. Introduction of booking system and programme of investment in facilities, with the intention of establishing sustainable, revenue-generating model. Saving is predicated on securing capital investment to deliver financial benefit, detail will be outlined in the Business Case.	As proposals are developed, service consultation and engagement will be undertaken as required.	Strategic approach to tennis management and delivery across Barnet, improved operations and efficiency with booking process. Opportunity to generate income which can be reinvested back into creating sustained service.	Potential resident objection in respect of introducing charges for court hire which may have previously been at nil cost. The Outline Business Case will detail a proposed pricing structure to ensure where appropriate concessions are offered in order to co-ordinate a balanced programme.	A full EqIA will be completed as part of the review and evaluation of the Tennis Pilot prior to the implementation of the Tennis Project	(38)	(37)			(75)
ENV16	Environment & Climate Change		Consideration as to the possibility of establishing a trading arm for trees service, offering tree management and policy services to neighbouring local authorities as a commercial enterprise. Initial investment required to confirm feasibility and approach to matters including legal, governance and resources required.	Consultation and engagement plan to be drafted. Changes will not impact on Barnet residents so no consultation is required.	Options appraisal to address review of resources / model required for implementation and provide recommendations. To be factored into business model proposed.	The opportunity is not anticipated to have an adverse impact on customer satisfaction.	The need for an equality impact assessment (EqIA) will kept under review as the proposal develops and carried out if required.	(20)	(20)			(40)

ENV5	Environment & Climate Change		Outcome 4: Clean, Safe & Well Run	Parking - A review of services and policies to ensure a consistent, fair approach to improving traffic, highway air quality and road safety. Meeting existing unaddressed needs and demands on the highway.	Service specific consultation will be undertaken if required.	This saving requires a change to service delivery.	This saving is not anticipated to have an adverse impact on customer satisfaction and it is possible that it may enhance perception that the Council provides value for money.	The need for an Equality Impact Assessment (EqIA) will kept under review as the specific proposals develop and carried out if required.	(750)	(750)				(1,500)
ENV27	Environment & Climate Change		Outcome 4: Clean, Safe & Well Run	Improved Management of Skips placed on the Public Highway - Utilise available legislation to better manage the safety impact of skips being placed on the Public Highway, including ensuring that all skips placed have been approved with appropriate Licences and that such licence conditions are fully compliant. Whilst there will be costs involved in increased resources to monitor this activity there are also mechanisms within the legislation to recover costs where non-compliance is evident. Currently a low level of compliance is occurring and this raises safety concerns for all highway users and therefore increased focus in this area will be beneficial for all. This will be reported under Matt Lang and will not be part of Street Scene targets.	As required by the specific Legislation related to this area of activity.	Improved safety on the Public Highway	Likely to be positive for the majority of Highway users	The need for an equality impact assessment (EqIA) will kept under review as the proposal develops and carried out if required. HWOP1	Environment & Climate Change	Highways & Transport		Reduction in Highways and Transportation Management Budget with the reduction in the clienting function as services transfer back into the councils control.					(194)					(194)
HWOP3	Environment & Climate Change	Highways & Transport		Expansion of Damage to Highways service based upon successful delivery model currently delivered in one third of the borough. Expansion of the delivery model will require additional resources - on site inspector and back office administration.					(50)	(50)				(100)
HWOP4	Environment & Climate Change	Highways & Transport		Introduction of a "Green Claims" insurance reclaim model in cooperation with the central insurance team. Currently the council is configured to defend insurance claims from third parties as a result of an alleged incident on the councils land e.g. slips / trips falls etc., these are called "Red Claims". There is a proven industry model that the council can deploy to seek recovery of costs from third parties where they have damaged council property, the Highways and Insurance teams have been trialing this approach in 2022. The proposal is to formalise this approach to pursue cost recovery by third parties on the network					(50)	(75)				(125)
HWOP6	Environment & Climate Change	Highways & Transport		Review of the winter maintenance routes and rounds with the move to new depot facilities. Potential to reduce by 2 rounds from the current configuration and remain statutory compliant.					(50)	(50)				(100)
