1.4 Community Infrastructure Levy (CIL) is a planning charge that was introduced by the Planning Act 2008 Part II to help deliver infrastructure to support the development in an area. CIL is a standard charge collected from developers on a rate per square metre basis and the funds raised are spent on infrastructure to support the development of an area. Part of CIL funding is allocated to the Neighbourhood Portion and managed by the three Area Committees: West, East and North.

6.2 Council Constitution, Part 3C section 5.2.5 states that a Ward Member will be permitted to have one matter only (with no sub-items) on the agenda for an Area Committee where the Member is submitting a request for CIL funding to an Area Committee Budget relating to their Ward. Members' Items for CIL funding Budget must be submitted 10 clear working days before the meeting. Items received after that time will only be dealt with at the meeting if the Chair agrees they are urgent.

7. Consultation

7.1 Members will be encouraged to engage residents and community groups in their wards to raise awareness of Area Committees and the opportunities they provide for delivering community-led improvements to their local areas. Officers will also work with their community networks to promote the Area Committees.

7.2 Members consult with Area Committee Lead Officers at an early stage on CIL Funding applications and where relevant with other departments and services. This will enable as much supporting information as possible to be included with applications to enable committees to make an informed decision. Applications where limited or no consultation has taken place are likely to be deferred or rejected by committees. This information will enable committees to make informed decisions. There is no prescribed format for supporting information, but it is recommended that it is sufficient for the committee to make an informed decision.
