For – 7 (refusal)

Against – 1 (refusal)

Abstention – 0 (refusal)

## **RESOLVED**

That this item be refused for the following reasons:

- 1) The proposed development by virtue of its design, siting, layout, building height, scale, mass and bulk of the proposal result in an excessive footprint including build form and hard surfacing in a heavily constrained site, resulting in an overly dominant and overbearing form of development on the streetscene and the character of its immediate local context, culminating in overdevelopment of the site contrary to policies D1, D4, D5, & D8 of the London Plan (2021) and CS5 of the Core Strategy (2021) and DM01 of the Development Management Document (2012) which seek to ensure buildings and places are of a high quality design, suitably located and sensitive to its context.
- 2) The proposed development does not include a formal undertaking to secure financial obligations towards affordable housing; carbon off-setting; highway mitigation; non-financial obligations towards skills, employment, enterprise, and training. The proposal would therefore not address the impacts of the development, contrary to Policies H4, H6, SI 1, SI 2, E11, T4, DF1 of the London Plan (2021); Policies CS3; CS4; CS and CS9 Local Plan Core Strategy (2012); Policies DM01; DM04; DM10 and DM17 of the Development Management Policies (2012), and the Planning Obligations SPD (adopted April 2013).
