The procedure allows each party a maximum period of 3 minutes in which to present their case (Regulations 16 & 24). At the end of the time allowed, the Chair will terminate the presentation and the hearing will proceed in the form of a discussion led by the authority to explore points of dispute. The discussion will not be timed.

The procedure is subject to periodic review and amendment to reflect best practice and relevant legislative changes. An updated version of this procedure is published as soon as possible following any such amendments.

--	-----------------	---	-------

The premises' failure to comply with the Licensing Act 2003 and willing to engage in multiple offences under Section 136 of the Licensing Act 2003 following the Licensing Authority's decision to refuse the TEN demonstrates a clear lack of respect for the law and the authority of the licensing authority.

This breach of the premises licence demonstrates a continuous lack of respect for the law and the licensing authority as well as the responsibility the licensee should demonstrate. It also shows that the premises is not acting in good faith despite communications from responsible authorities such as the Police and Noise and Nuisance.

In conclusion the Licensing Authority has exhausted all other avenues to resolve the breaches of the Premises Licence. The Licensing Authority feels that the next course of action for this premises licence is to seek that it be revoked by way of a review application.

It is our strong belief that revocation is the only action left open to us that would prevent further breaches of the licence and to prevent the negative impact that this licence is having on the local residents and indeed the licensing objectives which have been disregarded at will.

**** Warning External Email ****

Ref the above premises which are having Raves from Saturday Evenings through to 6 am in the morning. The amount of people attending is around 200 plus and they park their cars in the middle of Station Road Edgware.

The latest event was Last Saturday and it seems that this is a properly advertised business event on a regular basis.

When they vacate the premises there is considerable noise and loud music blaring from their cars.

They have a dog present which appears to be used for security purposes which does not stop barking.

Can you please confirm what times these premises are licensed to operate as they seem to think that the law does not apply to them.

The current operators of this venue do not seem to care about what goes on at their premises. This is a major problem as traffic is blocked on Station Road and both buses and drivers keep their horns blaring.

Just not fair as many of the residents at Centurion House are young special needs individuals and are easily frightened by these events.

I would add that these events take place around every 2 weeks.

Your urgent attention is required.

Good Morning ,

I am writing further to your recent email regarding the above premises. The premises are being used on many Saturday nights under the guise of being birthday parties etc and large amounts of people are being let in .This morning Sunday these guests vacated the premises at 5AM in their droves creating large amounts of ,screaming women and creating a problem with buses not being able to pass.

I feel nothing is being done to investigate this constant problem and therefore I would appreciate if you could let me know the following information.

Till what time can the premises trade from and the maximum number of persons able to be admitted.

I think the council are being mislead here and as the premises are under new ownership and an inspection is needed to be carried out.

We live here in Edgware and it seems that people can do what they like and get away with it.

I am not prepared to leave this situation as it is and if you feel that you are unable to help,please let me have the Head of Licensing Name and email address so that I can contact them

I can confirm that on a regular basis the above premises are holding regular raves going on till around 6am.

This is contrary to the schedule that you sent to me and urgent attention is needed in dealing with this problem. The operator of these premises is carrying on with the letting of the premises with total dis regard to timing of events held there which are mostly on a Saturday night through to Sunday morning.

Social Media has also picked up on this problem and I would urge you to look into this breach of its Licensing Conditions.

Some urgent action would be appreciated.

Good morning,

I am reporting to you as a matter of urgency that the above premises have held 2 more raves in the past couple of days.

The First being last Friday night and the second on Sunday Night.

It is outrageous what is going on here and the council are doing nothing about it. These premises are carrying out so called functions to 5am in the morning which I understand¹ is out side their Licensing hours cars racing up and down Station Road with speeds in excess of 70 mph. Arguments between attendees are held in the street and a Alsation dogs barking to keep patrons apart.

I have been told by the owner of these premises that they are allowed to have these functions to 5AM as the council have granted extended hours to them.

Is this true? as I was informed by by your office that on a weekend only up to 1.30am.

Could you please let me know either by telephone or E mail what action your department have taken regarding enforcement. as it appears that the owners of this establishment are free to do what they want.

Dear Sir/Madam

Licensing Act 2003

I am writing to inform you that we have received the following allegation in respect of the premises licence issued for Paiwand Events Community Interest First Floor 158 Station Road Edgware HA8 7AW.

Reports of residents being disturbed by music emanating from the premises.

I note you have been applying throughout the year for Temporary Event Notices, to extend the hours for licensable activities. However, we have received reports that music can be heard after the Temporary Event Notices hours have been exceeded.

Please note that section 136 (1) of the Licensing Act 2003 states "a person commits an offence if he carries on or attempts to carry on a licensable activity on or from any premises otherwise than under and in accordance with an authorisation, or he knowingly allows a licensable activity to be so carried on."

Therefore, I would be grateful if you would respond to this allegation in writing within 14 days of this letter.

Dear

Thank you for your email.

The premises have been applying for Temporary Event Notices which allow for extensions to the licensable activities past the hours already permitted on their licence. These Notices are subject to consultation with both the Police and Noise team and if Licensing do not receive any comments from either authority, the notices are accepted and the temporary extension can take place. Please note however, there are a limited number of Temporary Event Notices that a premises can hold throughout the year and we closely monitor how many have been applied for.

If you have video footage of the disturbances, please send these to myself and the Noise Nuisance Officer (cc'd). I would also suggest you contact the Noise team's Out of Hours service when the disturbances are taking place, so that they can attend and witness the noise, gathering evidence. I understand you have previously been provided with the contact information for the Noise team. Please note that without evidence of the nuisance, neither department would be able to take the matter further.

With regards to the issue of the cars racing up and down the street, please report this to the Police. Also, if the premises are operating at 5am, again please report this to the Police and the Council's Planning department, who are responsible for the opening hours of premises.

I would like to reassure you that we are taking the matter seriously and I will be making contact with the premises regarding the matters addressed in your email. However, in order to assist us further and enable us to resolve the issues, we require further evidence from you to support your concerns.

Kind Regards

- Any changes that need to be made to the premises licence, in terms of the conditions offered can be done by way of a Minor Variation application, which we will waive the application fee to.
- When making the Minor Variation application, liaise with the Police to see if they can offer any additional conditions.

Deal All,

I have just been on the phone to the applicant to ensure that he is aware that this decision cannot be changed as it is a matter of legal structure.

He pleaded his case but I have advised him that he needs to contact the people who have hired the venue and explain that he has made an error that means this event will need to either finish at 1:30 or be postponed to another date. He is concerned that they will not accept either solution, but has not raised any specific issues such as threats or otherwise.

The only indication of risk at this stage is that there is the potential for 150 people turning up for a party that will end before they are ready as they usually begin their night at around 11pm. He regularly uses security so should have the means to deal with any issues. I did advise that if he was that concerned he should reach out on social media and state that the event has been cancelled and remain closed for the weekend. The sooner he does this, the better.

Kind Regards
PC

Dear

Licensing Sub-Committee hearings are held if objections are received to applications made under the Licensing Act 2003, by Responsible Authorities or members of the public. In this instance, the Notice was applied for outside of the required timescales, meaning it is automatically refused for not meeting the requirements of the Act. A Licensing Sub-Committee cannot and will not alter the outcome for the approval of the Notice, because the Notice has already been refused as it did not meet the criteria.

I have already advised you that the Notice was applied for outside of the required timescales and that there is nothing further to be done to allow for the extension. I can only advise as I have done previously, that you may use the premises licence up until 01:30 hours for most activities (with the exception of performance of dance only until 23:00).

I am again copying in the Police, Noise officer and the Licensing Enforcement officer so they are aware of our continued conversations.

Good morning ,

Thank you again for taking time to respond. I appreciate the concern you have raised in your email, however this only puts me in more difficult position.

I am writing this to ask you to kindly arrange a hearing at your earliest convenience to seek a way forward for the time extension. I trust you reserve the power to reconsider and modify your decision.

Hope to see you soon.

Dear

Thank you for your email.

I appreciate you contacting me requesting that we reconsider rejecting the Late Temporary Event Notice, however I am afraid that I cannot permit the extension. Because as I have described in my email, the Notice falls outside of the required timescales set within the Licensing Act 2003, due to the fact that the legislation (the law) does not allow for Notices to be approved outside of the minimum timeframe (at least 5 clear working days). We therefore do not have the power to supersede the legislation.

You have been made aware previously of the deadlines required for Notices and I am afraid there is nothing further I can do. As I mentioned in my email, you are permitted to carry out licensable activities as per the allowances on your premises licence, but we cannot accept the Late Notice and therefore cannot permit the extension.

Please note I have included the Police, the Council's Noise team and the Licensing Enforcement officer in my email, to ensure that all relevant parties have sight of our communication.

Please also note that you as an individual may only apply for one further Notice this calendar year.

Dear

Thank you for your response to our application. I am writing to request your consideration in accepting our late license application. We understand that the deadline has passed, but we have encountered personal problems that have made it hard for us to complete the application on time.

As the owner of the business, I have been dealing with some personal issues that have been very challenging to manage. Unfortunately, these issues have taken up a significant amount of my time and attention, leaving me unable to complete the license application within the required timeframe. Moreover, the bank holiday weekend has played its part in delaying the process as well. I hope that you can understand the difficulty that we have been facing and show some leniency in this matter.

Furthermore, we are currently struggling with rent and other expenses related to our business. The pandemic has greatly affected our business for the worst as well as the holy month of Ramadan and we have been doing everything

in our power to stay afloat. However, we need to keep our business running, and obtaining a late license is essential to achieving that goal.

We would be deeply grateful if you could grant us the late license. We promise to comply with all regulations and requirements and make sure that our business operates smoothly and safely.

We thank you sincerely for your attention to this matter.

Yours sincerely,

Subject: 158 Station Road HA8 7AW - OOH visit this weekend

Hi

I am one of the Licensing officers for Barnet and I was just speaking with Noise Nuisance Officer to ask for an Out of Hours visit to a premises this coming weekend. They have asked me to correspond with you regarding a premises in Edgware as I understand you now cover this area.

They have applied to us for a Temporary Event Notice for 15th – 16th April 2023 between 01:00 – 04:00 on both days. The Temporary Event Notice has been refused by us because it was not received within the required timescales.

We would like to ask that the Out of Hours team visit the premises towards the end of their shifts on both the 15th and 16th April.

They do have a premises licence which allows licensable activities until 01:30 so please can a visit be made after this time both nights, to see whether the premises are going ahead with the events, past their permitted hours (01:30), despite being advised that the extension is not permitted.

I would also ask that should an officer witness anything, that they please complete an MG11 statement and send it on to me.

Simon has advised he will give you a bit of background on the premises as well, to get you up to speed with their history. Please let me know if you have any questions regarding this email.

Dear Sir/Madam,

RE: Environmental Protection Act 1990

ADDRESS: Paiwand Events CIC Charter House 158 Station Road Edgware HA8 7AW

Please find enclosed an Abatement Notice that has been served on you under Section 80 of the Environmental Protection Act 1990.

On Sunday 7th May 2023 at 01:20am, officers from Barnet Council Noise Team witnessed an incident of a statutory noise nuisance caused by loud music/bass emanating from the above premise.

As the occupier or person responsible for the nuisance, you have been served with this Abatement Notice. The notice requires you to abate the nuisance and prohibit its recurrence.

It is important that you read through the notice carefully and understand exactly what it means. You may wish to seek independent legal advice. You also have the right to appeal against this notice to a Magistrates Court within twenty-one days from service of the notice.

There is a schedule to comply within thirty days of serving the notice, however if we witness a noise nuisance after seven days then legal proceedings may follow. You may wish to seek the advice of a competent acoustic consultant.

The Noise Team will continue to monitor noise coming from your premises. If officers witness a breach of the Notice, the Council can obtain a warrant to enter your premise and remove sound making equipment.

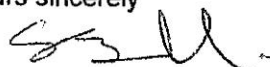

Alternatively, the matter will be referred for prosecution in the Magistrates' Court. On conviction you could be liable for a fine of up to £5,000 per offence (or £20,000 for commercial premises).

If you wish to discuss this matter further, please contact Nuri Silay on Tel 0208 359 7756 who is the officer dealing with this case.

I trust you will cooperate to avoid the need for any further enforcement action.

Yours sincerely

LONDON BOROUGH OF BARNET
ENVIRONMENTAL PROTECTION ACT 1990 - SECTION 80
NOTICE IN RESPECT OF STATUTORY NUISANCE

To: Company Secretary
Paiwand Events CIC
Charter House
158 Station Road
Edgware
HA87AW

TAKE NOTICE that under the provisions of the Environmental Protection Act 1990 the London Borough of Barnet (hereinafter referred to as "the Council") is satisfied of the occurrence of noise amounting to a statutory nuisance under section 79(1)(g) of that Act at premises in the vicinity of **Paiwand Events CIC, 158 Station Road, Edgware HAS 7AW**

within the district of the said Council arising from the playing of amplified music and/or voices at such a volume as to be a statutory nuisance.

THEREFORE, the Council HEREBY REQUIRES YOU as the person responsible for the said nuisance owner/occupier of the premises from which the nuisance arises or will arise forthwith from the service of this notice, to abate the same and also HEREBY PROHIBITS recurrence of the same and for that purpose requires you to carry out the actions and/or works described below:

Reduce the volume of the music/voices so it no longer causes a nuisance.

AN APPEAL against this Notice shall not suspend the notice pursuant to Regulation 3(2) and 3(3) of the Statutory Nuisance (Appeals) Regulations 1995 until the appeal has been abandoned or determined by the Court, as the nuisance to which this notice relates is likely to be of limited duration such that suspension would render the notice of no practical effect and the expenditure which would be incurred by any person in carrying out works in compliance with this notice before any appeal has been decided would not be disproportionate to the public benefit to be expected in that period from such compliance.

IF YOU CONTRAVENE without reasonable excuse or fail to comply with any requirement of this notice you will be guilty of an offence against Part III section 80(4) of the Environmental Protection Act 1990 and on summary conviction will be liable to a fine not exceeding level 5 on the Standard Scale (£5,000) together with a further fine not exceeding one tenth of that level for each day on which the offence continues after conviction. A person who commits an offence on industrial, trade or business premises will be liable on summary conviction to a fine not exceeding £20,000 section 80(6) of the Act

The Council may also take further proceedings in the High Court for securing the abatement, prohibition or restriction of the nuisance. Further, if you fail to execute all or any of the works in accordance with this notice, the Council may execute those works and recover from you the necessary expenditure incurred and/or prosecute. This may entail the confiscation of the source of nuisance, Section 81(3) of the Act.

Summary

This report asks the Sub-Committee to consider a Temporary Event Notice under the Licensing Act 2003.

Recommendations

1. That the Sub-Committee considers the Temporary Event Notice for an event to be held on 29th July between 01:00 hours to 04:00 hours and 30th July 2023 between 01:00 hours to 04:00 hours at 158 Station Road Edgware HA8 7AW to which a Police Objection has been received.

1. Reasons for the Recommendations

- 1.1 The Licensing Act 2003 states that should the licensing authority receive an objection notice from the police or EHA that is not withdrawn, it must (in the case of a standard TEN only) hold a hearing to consider the objection (unless all parties agree that this is unnecessary).
- 1.2 The licensing sub-committee may decide to allow the licensable activities to go ahead as stated in the notice. If the notice is in connection with licensable activities at licensed premises, the licensing authority may also impose one or more of the existing licence conditions on the TEN (insofar as such conditions are not inconsistent with the event) if it considers that this is appropriate for the promotion of the licensing objectives.
- 1.3 If the authority decides to impose conditions, it must give notice to the premises user which includes a statement of conditions (a “notice (statement of conditions)”) and provide a copy to each relevant party.
- 1.4 Alternatively, it can decide that the event would undermine the licensing objectives and should not take place. In this case, the licensing authority must give a counter notice.

2. Alternative Options Considered and Not Recommended

- 2.1 Not applicable

3. Post Decision Implementation

- 3.1 The decision will have immediate effect.

Officers Report

LICENSING ACT 2003

REPORT FOR PUBLIC HEARING

Serenity Suites, 158 Station Road, Edgware, HA8 7AW

The Notice

This Temporary Event Notice was given to the Licensing Authority by Mr Shahram Moafaq under Section 100 of the Licensing Act 2003.

The notice submitted seeks to permit the sale by retail of alcohol, the provision of regulated entertainment and the provision of late-night refreshment for parties on consecutive days.

Event Start: 01:00 on Saturday 29th July 2023
Event End : 04:00 on Sunday 30th July 2023

Please note the premises are referred to later in the report, in the witness statement of the Licensing Enforcement Officer as "Zareen Banqueting Hall" this was a previous name for the premises.

A copy of the Temporary Event Notice is attached to this report in **Annex 1**.

Police Objection

The licensing authority has received an objection from PC Vicky Wilcox on behalf of the Metropolitan Police, PC Wilcox states:

There is an ongoing problem with the manner in which people are dispersed from events at this venue which has led to complaints from residents nearby. CCTV footage has been reviewed following a number of recent events which has revealed the following issues;

- *Patrons gathering outside the entrance of the venue causing a noise disturbance*
- *Vehicles parking illegally on the road and pavement directly outside*
- *Equipment being loaded it to vehicles outside causing a noise disturbance*
- *Vehicles obstructing the bus depot exit*

The Police's objection is attached to the report in **Annex 2**.

Officers Comments

The London Borough of Barnet's Licensing Policy states the following about Temporary Event Notices:

- Applicants should be aware that the serving on the Licensing Authority of a TEN does not remove their obligations under other legislation. Where appropriate, permissions should be sought from the appropriate body. The Licensing Authority expects that applicants understand their obligations in respect of:
 - Planning permissions
 - Health and safety
 - Noise pollution
 - The erection of temporary structures
 - Road closures
 - The use of pyrotechnics
 - Anti-social behaviour

- Applicants intending to sell alcohol should be aware that it is an offence to supply alcohol to minors or persons who are drunk. Also, that the Police have powers to close down events without notice on the grounds of disorder, the likelihood of disorder or because of public nuisance caused by noise.
- Applicants should be aware that a limit of less than 500 persons at any one time applies to temporary events and failure to comply with this limit may lead to prosecution. Organisers should be aware this is the total number of persons, not customers, therefore staff should be included in this number.
- Where appropriate, organisers are strongly recommended to employ means of recording the number of persons entering and leaving the premises.
- The attention of applicant is drawn to the Licensing Authorities need to be provided with adequate information on the TEN. The applicant should make clear:
 - The nature of the event
 - If the event involves live or DJ music
 - whether it is open to the public or section of the public
- The applicant should also ensure all fields on the application form are completed, including their national insurance number.

Determination

The sub-committee shall determine the application in accordance with Section 105 of the Licensing Act 2003. The Notice of Decision is attached as **Annex 3**.

- (1) Where a relevant objection notice is made, the authority must-
 - (a) hold a hearing to consider the objection notice, unless the premise user, the chief officer of police who gave the objection notice and the authority agree that a hearing is unnecessary, and
 - (b) having regard to the objection notice, give the premises user a counter notice under this section if it considers it appropriate for the promotion of a licensing objective to do so.
- (2) The licensing (sub) committee can only
 - (a) issue a counter notice if it considers it appropriate for the promotion of a licensing objective
 - (b) impose conditions on the temporary event notice that are shown on the premises licence/club premises certificate for this property if it is considered appropriate for the promotion of a licensing objective (and not inconsistent with the carrying out of the licensable activities sought on the TEN)
 - (c) refuse to issue a counter notice, and give notice of this decision

Section 105 (3) states: -

- (1) The relevant licensing authority must –
 - (a) in a case where it decides not to give a counter notice under this section, give the premises user and the relevant chief officer of police notice of the decision, and
 - (b) in any other case –

- (i) give the premises user the counter notice and a notice stating the reasons for its decision, and
- (ii) give the relevant chief officer of police a copy of both of those notices.

Any decision or counter notice must be issued to the premises user at least 24 hours before the specified event period. A failure to do so will result in the premises user being able to proceed with the event.

Attaching conditions

The licensing authority may decide not to give the applicant a counter notice under section 105 of the Act and instead impose one or more conditions on the notice in accordance with section 106A(2) of the Act.

The premises licence in place for this premises with its attached conditions can be found attached to this report in Annex 4.

Full Copies of the Councils Statement of Licensing Policy, the Statutory Guidance to the Act will be available at the Licensing Sub Committee hearing or in advance if required. A map centrally locating the premises and premises plans will be available at the hearing.

Police Representations: Temporary Event Notice

I certify that I have considered the notice shown below and I wish to make representations that the use of the premises for the temporary event would undermine the crime prevention initiative, for the reasons indicated below. *An officer of the Metropolitan Police, in whose area the premises are situated, who is authorised for the purposes of exercising its statutory function as a 'Responsible Authority' under the Licensing Act 2003.*

A Temporary Event Notice has been given under section 100 Licensing Act 2003

Application Given To Police:	05/07/2023
Premises:	Sky Lounge / Serenity Suite 158 Station Road HA8 7AW
Person:	Shahram Moafaq
Event:	LATEN/23/69053
Date:	29/07/2023 & 30/07/2023
Time:	0100 - 0400 hours

Police are formally making representations to the notice under section 104 Licensing Act 2003. The Police objection is concerned with all four licensing objectives however, primarily concerned with the prevention crime and disorder and public nuisance

Having assessed the information provided on this application, police would like to request that this application be rejected.

There is an ongoing problem with the manner in which people are dispersed from events at this venue which has led to complaints from residents nearby. CCTV footage has been reviewed following a number of recent events which has revealed the following issues;

- Patrons gathering outside the entrance of the venue causing a noise disturbance
- Vehicles parking illegally on the road and pavement directly outside
- Equipment being loaded to vehicles outside causing a noise disturbance
- Vehicles obstructing the bus depot exit

Having assessed past calls made this year to police, we are not in receipt of those noise complaints – they appear to have been made direct to the council which is the correct authority for noise complaints. Police have been called on a few occasions regarding other matters.

Our concern is that the management needs to improve the manner in which patrons are dispersed from the venue. If residents continue to be disturbed this could eventually lead to a direct confrontation between parties resulting in disorder. It is clear that changes are needed to the licence to ensure that these nuisance issue are prevented.

I have asked that the venue pull back the times for licensable activity to 2am so that patrons can wait inside for transport home, but I have yet to receive any communication regarding this.

I have included a statement from the Barnet Council Licensing Enforcement Officer detailing what was witnessed when the CCTV was reviewed.

Yours Sincerely,
PC Wilcock 1349NW
Licensing Officer
Metropolitan Police.

STATEMENT OF WITNESS

*(Criminal Procedure Rules, r. 16.2;
Criminal Justice Act 1967, s. 9, s.5B Magistrates Court Act 1980)*

STATEMENT OF John Oliver

Age of witness (if over 18, enter "over 18"): Over 18

This statement (consisting of pages) is true to the best of my knowledge and belief and I make it knowing that, if it is tendered in evidence, I shall be liable to prosecution if I have wilfully stated in it anything which I know to be false, or do not believe to be true.

1. I am John Oliver I am in the employ of the London Borough of Barnet as a Licensing Enforcement Officer.
2. This statement sets out the events that took place on Friday 30th June 2023, whilst viewing CCTV footage of ZAREEN BANQUETING HALL of 158 STATION ROAD, EDGWARE HA8 7AW, which is situated in a residential area, with flats being directly above shops on both sides of the road, and above the venue itself.
3. The purpose of viewing the footage was to determine whether a residents complaint of street based noise after events at the location, were justified.
4. The first date that was reviewed was an event held on Friday 16th June 2023, this event finished at 04.00am on Saturday 17th June 2023. I saw that by 04.25am large crowds were gathering in the street directly outside the premises. There seemed to be no attempt by the door security staff, or any other persons from the premises to move anybody on.
5. By 04.31am it could be seen that people leaving were now also standing across the road outside of the London Underground Station, which appeared to be a pick-up point for Taxis's. Although there was no audio it was apparent that these people were shouting to the people outside of the venue, again there was no attempt by security of any other persons from the venue trying to prevent this.
6. At 04.42am, people were still gathering outside the venue, and a van parked on the pavement outside, which is not permitted.
7. At 04.46am the security staff left the venue, leaving a crowd still gathered outside the venue and the van on the pavement.

8. By 04.59am most of the crowd had left but the van was still on the pavement and people, possibly staff were still leaving the venue and the van was being loaded. This would have caused a noise disturbance to residents.
9. The next date we reviewed was for an event on Saturday 17th June 2023 which ended at 04.00a on Sunday 18th June 2023.
10. At 04.05am crowds leaving the venue began to gather outside with no attempt by security to move them on, it was clear that this crowd were shouting to each other even though there was no audio on the cctv, there was also a van parked on the footway which is not permitted.
11. By 04.17am the crowd had grown as more people left the venue and were now also standing in the road causing an obstruction to traffic.
12. At 04.28am vehicles were parked in the middle of the road on the wrong side, causing an obstruction to traffic. Drivers of these vehicles left their cars and approached the venue leaving their vehicles in the middle of the road with their hazard warning lights on, and there were now two vehicles parked on the pavement outside the venue.
13. A third vehicle arrived at approx. 04.42am which was a van, this also parked on the pavement outside the venue.
14. The final days footage I viewed was for an event held on Sunday 18th June 2023 which ended on Monday 19th June 2023 at 04.00am.
15. At 04.13am people started leaving the venue and gathering on the pavement outside the venue. There also two vans parked on the pavement outside the venue.
16. By 04.22am the crowd on the pavement had grown slightly and there was no attempt by security to move them on. One of the vans was also being loaded with equipment, this would have caused a noise disturbance to residents.
17. AT 04.30am a third van arrived and parked off the pavement but was obstructing busses leaving the bus depot situated to the side and the rear of the venue.
18. The doors to this van were being opened and closed as it was being loaded, this would also have caused a noise disturbance to residents.
19. Vehicles being loaded up continued until after 05.00am, the items being loaded appeared to be decoration and catering items and possibly music equipment.

AGENDA ITEM 5a

Hi Vicky

Please see attached some videos that were taken over the last few weeks just to give you an insight of what is happening,
These were taken between 4-5am in the early hours! We have suffered screaming shouting urinating and dogs barking. It is unacceptable and affecting our mental health through lack of sleep.
We live in Centurion House which is opposite and houses many vulnerable young people from The Langdon Charity. They are very scared and have reported this themselves.
There is going to be a terrible accident as the premises are situated next to Edgware Bus station and this causes chaos with speeding vehicles and also blocking the night buses.
We have also noticed substance abuse recently and discarded balloons.
I hope this is going to be stopped now.

Please confirm receipt.

Kind Regards

On requesting these events the following was promised by the applicant;

- The events to conclude at 04:00
- A team of 6 securities will be present for safety throughout of the events, Security company, K4 Security, (SIA Approved)
- The event will be in adherence with the condition of our premises license.
- The sale of alcohol to stop at 03:30
- No tickets sold guest will enter by invitation list

I have exhibited a copy of this email TE/3

Due to technical difficulties I have only been able to convert two of the six clips he sent to me. I have exhibited them as TE/1 General Obstruction and Noise and TE/2 Bus Obstruction. I believe that both these clips clearly show a complete disregard of the neighbours and others working in the area. It is clear that there has been no consideration given to the dispersal of the crowds leaving these events

Continuation of Statement of:

I have spoken with K4 Security on 12th July 2023 to find out if they were aware of the issues at the venue. Murtaza who is the Control Supervisor stated that they have had no contract for work since around June last year. The name of the person who the applicant for the TEN states will be in charge of security on each night, Hamed, left the company around November of 2022.

It seems clear to me that both Shahram Moafaq and Abdul Sami Dinarkhail have provided false information in order to secure their temporary event notices.

Dear Elisabeth Hammond,

I hope this email finds you well.

Unfortunately, due to unforeseen circumstances, we are unable to attend the hearing scheduled for the 17th of July.

I would like to emphasize our commitment to minimizing disruption to our neighbors. As part of our efforts, we have implemented a strict policy that prohibits any loading or unloading activities between the hours of 12 AM and 6 AM. Additionally, we will ensure that no cars are parked on the pavement or in the middle of the road. To effectively monitor and enforce these measures, we have decided to increase the number of security personnel to a total of nine.

We remain fully dedicated to addressing the situation promptly, and we kindly request your cooperation and assistance in this matter.

Thank you for your understanding.

Sincerely,

Minutes:

DECISION OF THE LICENSING SUB-COMMITTEE 17TH JULY 2023

Serenity Suites, 158 Station Road, Edgware, HA8 7AW ("the Premises")

This is an application for a standard Temporary Event Notice ("TEN") made under section 100 of the Licensing Act 2003 in relation to Serenity Suites, 158 Station Road, Edgware, HA8 7AW ("the Premises").

The TEN seeks to permit the sale by retail of alcohol, the supply of alcohol by or behalf of a club, or to the order of a member club, the provision of regulated entertainment and the provision of late-night refreshments for one party and one birthday party. This event is due to take place from 01:00 hours on Saturday 29th July 2023 until 04:00 hours on Sunday 30th July 2023. The Premises is currently licensed.

The hearing was conducted in person, and all three members of the Sub-Committee were in attendance throughout the same, and during private deliberations.

As part of the consultation process the Licensing Authority received one objection from the Metropolitan Police ("the Police") regarding concerns that allowing the Premises to be used in accordance with the TEN would undermine the licensing objective of the prevention of public nuisance. Copies of the representation are set out in **Annex 2, Agenda item 5a** and **Agenda item 5b** of the agenda pack.

The options available to the Sub-Committee are to either approve or reject the TEN. The Sub-Committee are at liberty to impose conditions on the TEN due to the Premises having an existing premises licence.

In attendance was PC Wilcox on behalf of the Police and the Applicant, Mr Moafaq was not in attendance nor was there any representative as he was unable to attend due to unforeseen circumstances. Mr Moafaq notified the Licensing Team via email on 14th July 2023.

The Licensing Officer presented their report. The Sub-Committee asked the Licensing Officer regarding previous TEN's applications, as to how many were applied for and was informed it was approximately twelve as there had been several events at the Premises.

The Sub-Committee also asked the Licensing Officer to provide clarification in respect of the application as to whether it was one or two events. The Licensing officer advised; it was two events over a two-day period. Further enquiries were made as to how many people would be attending the events and the Licensing Officer advised that there was a total of 135 attendees for both events.

The Licensing Officer clarified that the Premises is currently licensed, and it is held by Paiwand Events Limited and was previously known as Zareen Banqueting Suites and it has been renamed and is known as Serenity Suites.

The Sub-committee considered the application, the email received from Applicant dated 14th July 2023. The Applicant's email proposed that there would be a strict policy that any loading or unloading activities between the hours of 12am to 6am, they would ensure that vehicles would not be parked on the middle of road or on the pavements. The Applicant also proposed to increase the security from 6 to 9 security officers. As the Applicant was not present, the Sub-Committee could not make further enquiries as to their additional proposals submitted to the Licensing Officer.

The Sub-Committee heard from the Police that numerous reports of noise nuisance had been received from local residents to the Council regarding the Premises. The Police provided video footage and CCTV stills from a local resident, showing:

- (1) Crowds that have not been dispersed after the event had concluded by security and remained in close proximity to the venue around 04-05am causing noise nuisance;
- (2) Vehicles parked illegally on the pavement and on the road in close proximity to the Premises;
- (3) Vehicles obstructing the highway, preventing buses from passing; and
- (4) Equipment being loaded on pavement, blocking the pavement, and causing noise nuisance.

The Police advised that local residents of Station Road have been impacted by the noise nuisance coming from the Premises in the last 6 months. The Police further advised that the Premises has been served an abatement notice 7th May 2023 by Environmental Health Team, for loud music and base emanating from the Premises.

The Police explained that there was an event last weekend and they received further video footage similar to the footage provided for the events taken place on June 2023, showing noise nuisance and the failure to disperse the crowd after the event had concluded. The Police was also concerned about the vehicles being parked in a manner which obstructed the highway and was preventing buses from safely turning.

The Police further advised that they had reviewed the further proposed conditions. The Police contacted the security company, K4 Security to obtain further information about the issues at the Premises and were informed that K4 Security were not contracted to provide services at the Premises since June 2022. In addition to this, the name provided on the application who is to be responsible for security at the Premises, was no longer employed by K4 Security as of November 2022. The Police were unable to obtain further information from K4 Security regarding the named person in charge of security.

The Police informed the Sub-Committee that they have changed their view that the TEN should be until 2am and now object to the Premises having a TEN. The Police were not satisfied that the Applicant could properly promote the licensing objectives.

The Sub-Committee viewed two pieces of video footage from the Police, one video (undated) showed approximately seven vehicles, illegally parked on in the middle of the road and on the pavement in close proximity to the venue. The video also showed patrons of the Premises congregating around the entrance of the Premises and on the side of the road. The noise coming from the patrons of the Premises could also be heard. The Sub-Committee also noted that there was no attempt made by the Premises security to disperse the crowd or direct vehicles to move on.

The second video (undated) shows approximately seven vehicles illegally parked in the middle of the road. The Sub-Committee noted that there were three vehicles which were preventing a bus from turning properly from the bus garage. It was also noted that there was no presence of security to direct vehicles away from the Premises. Patrons of the Premises were seen congregating around the locality of the Premises and noise emanating from these patrons could be heard.

The Sub-Committee also viewed the photograph stills provide by the Police dated 19th June 2023 timed 04:13 am and 04:22am. The showed a van parked outside the Premises together with what appears to be patrons from the Premises.

The Sub-Committee has carefully considered all the relevant information including:

- Written and Oral representations by all the parties;
- The Licensing Act 2003 and the steps appropriate to promote the Licensing Objectives;
- The guidance issued under section 182 of the Licensing Act 2003;
- Barnet Council's licensing policy; and
- The Human Rights Act 1998.

The Sub-Committee has decided, after taking into account all of the individual circumstances of this case and the promotion of the four licensing objectives to refuse the TEN application. The Sub-Committee is concerned that granting the TEN to the Applicant from 01:00 hours on Saturday 29th July 2023 until 04:00 hours on Sunday 30th July 2023 would undermine the licensing objective of the prevention of public nuisance and public safety.

Right of Appeal

A relevant party aggrieved with the decision of the Licensing Panel may, in compliance with Schedule 5, Paragraph 16, of the Licensing Act 2003, appeal to the Magistrates' Court within 21 days of notification of this decision, save that an appeal cannot be brought more than 5 working days before the day on which the event period specified in the temporary event notice begins.

Subject: OOH visit request

Hi Emal / Simon

I would like to request OOH to do a drive past and check at 158 Station Road Edgware HA8 7AW.

They recently applied for a TEN to cover between 01:00 – 04:00 on both 29th and 30th July 2023. The TEN received an objection from the Police which lead to the TEN being determined at a Licensing Sub-Committee hearing last Monday.

The Committee were minded to REFUSE the TEN and therefore I have informed the applicant that their extension request on those two mornings cannot go ahead. However, I would like to ask that OOH could do a drive past at approximately 02:00 on both the 29th and 30th if possible, just to see whether it looks as though the events are still taking place unauthorised.

Please let me know if you need any further information from me.

I have just spoken to Khal. He is one of the business owners.

MANAGER

There are aware of the refusal of the TEN and we have had a discussion about how to move forwards with this.

I will send him over the changes that we need to see imposed on the licence over the next week. They will need to demonstrate that they can operate compliantly for a period of time before we can entertain the idea of any further TEN extensions.

Statement of: Vicky Wilcock

This statement (consisting of 2 page(s) each signed by me) is true to the best of my knowledge and belief and I make it knowing that, if it is tendered in evidence, I shall be liable to prosecution if I have wilfully stated in it anything which I know to be false, or do not believe to be true.

Witness Signature:  Date: 12/07/2023

I am the above named officer attached to the licensing, partnership and prevention team on the North West BCU.

This statement is submitted to exhibit the video footage provided to me via email on 11th July 2023 showing examples of the disturbance that the residents surrounding 158 Station Road HA8 have been suffering as a result of events held at the venue. On all occasions the venue has been operating under a TEN or Late TEN to enable them to facilitate events up till 4am.

On requesting these events the following was promised by the applicant;

- The events to conclude at 04:00
- A team of 6 securities will be present for safety throughout of the events, Security company, K4 Security, (SIA Approved)
- The event will be in adherence with the condition of our premises license.
- The sale of alcohol to stop at 03:30
- No tickets sold guest will enter by invitation list

Mr XXXXX stated the following in his email to me;

Hi Vicky

Please see attached some videos that were taken over the last few weeks just to give you an insight of what is happening, These were taken between 4-5am in the early hours! We have suffered screaming shouting urinating and dogs barking. It is unacceptable and affecting our mental health through lack of sleep.

We live in Centurion House which is opposite and houses many vulnerable young people from The Langdon Charity. They are very scared and have reported this themselves.

There is going to be a terrible accident as the premises are situated next to Edgware Bus station and this causes chaos with speeding vehicles and also blocking the night buses.

We have also noticed substance abuse recently and discarded balloons.

I hope this is going to be stopped now.

I have exhibited a copy of this email TE/3

Due to technical difficulties I have only been able to convert two of the six clips he sent to me. I have exhibited them as TE/1

General Obstruction and Noise and TE/2 Bus Obstruction. I believe that both these clips clearly show a complete disregard of the neighbours and others working in the area. It is clear that there has been no consideration given to the dispersal of the crowds leaving these events

I have spoken with K4 Security on 12th July 2023 to find out if they were aware of the issues at the venue. Murtaza who is the Control Supervisor stated that they have had no contract for work since around June last year. The name of the person who the applicant for the TEN states will be in charge of security on each night, Hamed, left the company around November of 2022.

It seems clear to me that both Shahram Moafaq and Abdul Sami Dinarkhail have provided false information in order to secure their temporary event notices.

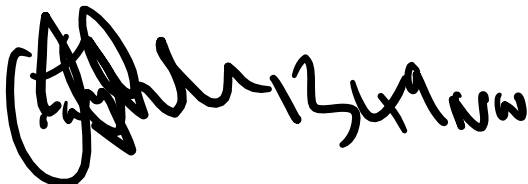

A handwritten signature in black ink, appearing to read 'Shahram Moafaq'.

Dear Licence Holder,

We are writing with regard to a continuous noise disturbance problem that is being generated by your venue.

You will recall that the application for an extension to your licence was refused at hearing on 17th July 2023. The reasons for this were due to the following issues detected at previous events;

- Patrons gathering outside the entrance of the venue causing a noise disturbance
- Vehicles parking illegally on the road and pavement directly outside
- Equipment being loaded it to vehicles outside causing a noise disturbance
- Vehicles obstructing the bus depot exit

You were sent the decision of this hearing by email as you did not attend in person. To ensure that you were aware of this I called Khaled on 21st July at 10:42am. When we spoke you stated that you were sorry that such a problem had been caused and that you understood that you must not operate outside of your premises licence hours which cease at 01:30am on weekends. We also discussed that you must still address the concerns raised as these must be mitigated in order to promote the licensing objectives;

- Prevention of crime and disorder
- Prevention of a public nuisance
- Protection of children from harm
- Public safety

It has been brought to my attention that Zareen has continued to operate with the problems above persisting and it is also alleged that noise disturbance has continued up till around 4am in spite of the rejection of your licence extension.

Our records show the following;

5th May at 02:00 – Police called by resident due to excessive noise by people leaving venue

30th July at 01:55 – police were called due to a car running outside the caller's house and people shouting and screaming. They had come from your venue.

29th July at 00:50 – police called regarding cars parked everywhere around Zareen Banqueting Hall. They are causing an obstruction and dangerously parked. They are parked in the bus stop and it is causing a nuisance

29th July at 02:53 – police were called to a disturbance outside your venue where females were arguing. It was identified that they had just left your venue.

This is disappointing considering that you submitted comments to be considered for the hearing specifically stating your "*commitment to minimizing disruption to our neighbors*"

I would like you to provide me with a copy of your SIA register as per your condition: ***A register/log containing the names, badge number, dates & times of duty of security staff and any incidents that occur shall be kept and made available to the Police and Licensing Authority*** covering 1st May till 31st July 2023

I would also like to be provided with a copy of your SIA risk assessments for the events that have taken place between 1st May 2023 and 30th July 2023 as per your condition ***A minimum of 2 door supervisors (SIA approved), of a suitable gender mix, shall be employed on any day when the premises are open for the sale of alcohol past 2100hrs. The actual number of door supervisors shall be risk assessed by the venue.*** Considering 193 your commitment to uplift the number of door supervisors to 9 in your email to the council on 14th July 2023.

Please send a copy of each of these documents within 48 hours to my email below.

Dear

Following on from the message you left for me yesterday, I would like to advise you that we are conducting an ongoing investigation into the issues you have informed us of in regards to 158 Station Road Edgware.

I appreciate it may be frustrating that the matters are not being resolved as swiftly as you might expect, but we are working with colleagues in the Police and the CCTV department to conduct further investigations in relation to the premises.

In terms of the deliveries for 128 Station Road, you would need to speak to the Noise Nuisance team. The manager of that team is Ralph Haynes, whom I understand you have been in communication with previously, or please email the department directly at nuisance@barnet.gov.uk .

Should you feel that the Council have not dealt with the issues sufficiently, you can submit a complaint through the following link - <https://www.barnet.gov.uk/your-council/contact-council/compliments-and-complaints> .

Dear Licensing Team,

I am writing to formally represent Environmental Health & Public Protection-Nuisance (EPP) regarding the application by the Licensing Team to revoke the premises license for Charter House situated at 158 Station Road, Edgware, HA8 7AW. As a responsible authority operating under the Environmental Protection Act 1990 (EPA 1990), specifically within the Noise Service of Barnet Council's Consumer & Public Protection Department, we wish to express our support to the aforementioned submission, citing concerns related to the Prevention of Public Nuisance licensing objective.

Our support is rooted in evidence gathered from on-site observations and investigations conducted by officers on behalf of our authority and the details of these observations are summarised below:

- On the 7th of May 2023, at 01:20, an investigation into noise complaints affecting the property of XXXXXXXXXXXX, located in London HA8 XXX, was conducted. The investigation revealed noise emanating from Charter House, identified as a statutory nuisance within the complainant's residence.
- There were safety concerns from individuals who appeared to be intoxicated stood outside the premises, engaged in raised conversation, screaming and shouting and slurred speech and imbalanced stature thus preventing officer from approaching the venue directly. Nevertheless, observations were made from a safe distance, yielding valuable insights into the situation.
- A subsequent course of action was advised, resulting in the issuance of an abatement notice pursuant to Section 80 of the Environmental Protection Act 1990, aimed at promptly resolving the noise concern. Subsequent issuance of Abatement Notice under Section 80 of EPA 1990 & Officer's visit. This is due to noise arising from loud and intrusive music affecting residents within the block.

- A statutory noise nuisance refers to excessive or disruptive noise levels regulated by laws or regulations set by local or national authorities. It includes loud sounds such as amplified noise & speech, music and raised voices, that disturb individuals or communities living nearby. Authorities can issue notices, fines or penalties to address complaints and maintain quality of life.
- During the follow-up visit dated Friday 12th May 2023, Noise Officer Simon Bull engaged with Alex Maskan, representing Charter House, and served an abatement notice under EPA 1990 Section 80. Mr Maskan was advised on necessary measures to address noise complaints and enhance security to prevent future disturbances. The investigation confirmed the existence of a statutory nuisance due to excessive noise levels. Safety risks were identified concerning the presence of intoxicated individuals outside the premises. Recommendations for improving noise insulation measures were provided to mitigate future disturbances.

Despite efforts to address the noise issue, including the issuance of abatement notices, the problem persisted, indicating the need for continued monitoring and enforcement. Collaboration with relevant departments has been initiated to address underlying causes contributing to the ongoing disturbances.

In light of the evidence presented, we strongly support the submission to revoke the premises license for Charter House. Allowing this venue to continue would no doubt result in further complaints and distress to nearby residents.

Thank you for considering our representation.

Should you require any further information or clarification, please do not hesitate to contact me.

Yours sincerely,

Emal Pardes

Case: Review Application - Paiwand Events Community Interest, First Floor, 158 Station Road, Edgware, HA8 7AW

Barnet Council Licensing.

We write in connection with the review application (Paiwand Events Community Interest, First Floor, 158 Station Road Edgware HA8 7AW LAPRE6/24/70380)

We have been made aware that there have been a number of noise related incidents that have taken place in 2023 following events taking place at Zareen Suite (AKA Sky Lounge & Serenity Suit) following events operating under a Temporary Events Notice (TEN) or Late TEN.

The licence holder is 'Paiwand Events Community Interest' Information from companies house shows the current directors (as of 25th January 2024) are as follows;
Abdul Sami Dinarkhail, Khaled Erfan, Omaid Maskan, Farid Navai and Raziya Zarrien. All have been shown as appointed prior to 2020.

The owners of 158 Station Road HA8 became increasingly dependent on the use of TEN's and Late TEN's between 2022 and 2023. Clients booking with them seek a venue that can accommodate events till around 4am. Generally speaking the events that go on for that duration tend to be promoted events which generate profit from ticket sales.

There have been a few occasions where applications had been rejected as they did not meet the required time scales or had been applied for by an individual who had exceeded their limit of applications they could make. On one occasion we had cause to speak to the owners as they had been asking the council and police to overlook the issue of submitting the application too late. On another occasion we received a call from the venue pleading that we permit a late TEN in April 2023 to which we had submitted an objection.

Due to the hours they were requesting for these events, we requested further information on their applications so that we could be assured they were being run responsibly. Those points were;

- Event will conclude at 4am
- Event will run in adherence with the premises licence conditions throughout
- Sales of alcohol would cease at 03:30 hrs (to allow for drink up time for guests to begin leaving in an orderly fashion from 4am)
- NO relevant entertainment (i.e. Nudity as they mistakenly filled in this section of the TEN application)
- To have full contact details of the client booking the venue and provide details of security that will be in place.

On 17th May 2023 police were notified that the venue had been served with a noise abatement notice (12th May 2023)

In July of 2023, following a meeting with the council licensing department, we made contact with a resident who was affected by the noise of people leaving the venue. On speaking to this resident on 10th July, he confirmed that he was willing to provide footage of what he had witnessed taking place outside 158 Station Road and that he was speaking on behalf of others that lived in his building as those other people were vulnerable. In an email he stated

"Please see attached some videos that were taken over the last few weeks just to give you an insight of what is happening,

These were taken between 4-5am in the early hours! We have suffered screaming shouting urinating and dogs barking. It is unacceptable and affecting our mental health through lack of sleep.

We live in Centurion House which is opposite and houses many vulnerable young people from The Langdon Charity. They are very scared and have reported this themselves.

There is going to be a terrible accident as the premises are situated next to Edgware Bus station and this causes chaos with speeding vehicles and also blocking the night buses.

We have also noticed substance abuse recently and discarded balloons.

I hope this is going to be stopped now"

On 5th July Shahram Moafaq made an application for a TEN covering 29th & 30th July stating that they would abide by the following points;

- Alcohol serve is strictly monitored.
- A team of 6 securities will be present for safety throughout of the events,
- Security company, K4 Security, (SIA Approved) www.k4security.co.uk, Person in charge (*named and telephone number provided*)
- Mobile: (*provided*)
- Address: (*provided*)
- The events to conclude at 04:00
- The event will be in adherence with the condition of our premises license.
- The sale of alcohol to stop at 03:30
- No tickets sold guest will enter by invitation list.

Due to the problems that had been reported Police submitted an objection to this notice. As part of our ongoing enquiries in to what had been happening at the premises police contacted the security company named on these applications to find out if they had been made aware of any issues and if their staff they had sent to the venue had reported anything back to them.

Police spoke with Murtaza at K4 Security on 12th July 2023. He was the Control Supervisor the time. He stated that they have had no contract for work since around June the year before. The name of the person who the applicant for the TEN states will be in charge of security on each night left the company around November of 2022. This evidence was presented at a hearing on 17th July where police sought to have an application for a temporary event notice rejected. No party from the venue appeared at that hearing and the notice was rejected.

Police were informed by email on 24th July that an event had taken place that weekend (22nd/23rd) The email stated "*Hope you are keeping well.*

Just to let you know the above premises held another late night event on Saturday/ Sunday this weekend.

The noise from the event went on till around 5.15 am.

I thought they had now been stopped.

I have some video recording also.

Please let me know what is happening with these premises as it appears they do not care"

Our records do not show that there was any licence in place to facilitate an event that would have been closing at that time.

We note the following incidents that have resulted in calls to police in 2023

14th Apr 2023 - (00:58 hrs)

Report from a 3rd party (not at the venue) stating "MY BROTHER IS AT A PARTY AND THERE IS PEOPLE OUTSIDE WITH A GUN" brother is at a party at the venue.

*A police unit attends the venue. They state there is a gathering and they are very anti police. There is about 5-6 people outside and around 50-60 cars. A crime report was created, but there was no one seen by police with a weapon.

15th Apr 2023 - (01:43hrs)

Call from staff at the venue stating that they have a party at the venue and they are refusing to leave.

*This was resulted as believed to be a malicious call as no one on scene claimed responsibility for making the call. Call was made from a mobile number used by Abdul Dinarkhail on previous TEN applications and CAD has his name as the initial caller. Officers on scene at the time would not have had that information to hand.

21st May 2023 - (16:05hrs)

Call from staff at the venue requesting a unit to be nearby when the event ends that is taking place.

*Police had been given no prior notice about this (not a licensable event)

29th Jul 2023 - (00:50hrs)

Call from a member of the public who stated "I have just come out of the tube station, and there are cars parked everywhere around Zareen Banqueting Hall. They are causing an obstruction and dangerously parked. They are parked in the bus stop and it is causing a nuisance"

* Police spent the next two hours outside monitoring the Banqueting Hall who had a 60th Birthday party event. Police were informed by the organiser that this is a ticketed event for 200 people however the officer's rough estimate of people coming out of the property was about 1000.

*See statement attached by PC Harris

Police have spoken with Mr Erfan (one of current directors as of May 2018) a number of times last year. From my work mobile phone call logs I can see that we have spoken on the following dates; 30th January 2023, 13th April 2023, 18th April 2023, 21st July 2023, 31st July 2023, 4th August 2023 and 11th August 2023 They have been advised numerous times of the requirements of the licence and what measures need to be in place when hosting an event extending in to the early hours of the morning.

Around mid-August, when police spoke with Mr Erfan, he stated that they would not be hosting any more events that would cause the noise issues. From that point it seemed that this was the case as we were not getting reports of calls to police nor were we made aware of any further noise complaints.

On 24th January we contacted the resident that we had previous communication with to enquire if there had been any recent incidents as police had now been notified of this application for a licence review. He replied with

"Things had been quiet however on Monday evening just gone I was forced to call 999 as an event that was being held there got out of hand and a mass brawl took place which then carried on into the street outside.

I would estimate around 200 plus people were in attendance and very quickly things started to escalate. Fortunately about 8/9 Cars turned up and things brought under control.

My wife has video which I can send you later on today.

Please forward an email address which we can send it to.

I thought I would mention that there was very little security that we could see"

This incident was called in at 22:17pm. There were three calls made by members of the public. The caller stated that there was a wedding that was on the street and that people were fighting. They stated that it had been going on for 5 minutes and that cars and buses were being blocked and causing traffic. We have already seen the impact of this from previous videos submitted at the TEN hearing in July 2023. Police attended the scene and updated the call log with information that they estimated there were 50-50 people that were running off in various directions, some still fighting. There was a request for more officers and then they stated that people were beginning to disperse and getting in their cars. They updated that no one was making any allegations to them.

In summary, there seems to be a lack of awareness and/or ability to maintain an orderly egress to these events predominantly as the come to an end. The licence holder and third parties running the events appear to be completely separate entities with no shared interest for the venue itself or desire to protect the surrounding community from being disturbed as they leave. We have seen blatant dishonesty on TEN applications and, at times, a disregard for the permitted hours this venue should be operating.

**METROPOLITAN
POLICE**

Police would support the licensing officer's request that this premises licence be revoked as we do not believe that the imposition of further conditions will prevent further issues from occurring.

This statement relates to when I attended ZAREEN BANQUETING HALL 158 Station Road HA8 on 29th JULY 2023. My name is DANIEL HARRIS and I am a POLICE OFFICER attached to COLINDALE POLICE STATION RESPONSE TEAM D.

In this statement I will be mentioning my colleague PC BLAIR 2528NW.

On 29th JULY 2023, I was on patrol in a marked police car crewed with PC BLAIR 2528NW. At approximately 01:15hrs I received a call via my personal radio to attend ZAREEN BANQUETING HALL 158 Station Road HA8 to reports of a shooting inside. A call had been made to 999 by a concerned person who had received a message from someone attending the banqueting hall stating that someone had been shot. I arrived at the ZAREEN around 15 minutes later. Upon arrival I noticed that STATION ROAD was full of parked cars that had been dumped in the middle of the road and where illegally parked. As I approached ZAREEN it was clear that there was a function going on inside and that the persons had parked there vehicles in the area. At the point of arrival I would say that approx. 300 persons were outside in the road and on the pavement. Many of these persons were not being monitored by persons in ZAREEN and many were under the influence of alcohol.

My colleague has then gone inside and confirmed no persons were injured. Due to the limited number of police resources available I decided to monitor the crowd which were good natured by my police vehicle. Approximately 600/700 people I believe came out of the venue all together and this took around 2/3 hours to clear causing disruption to Edgware bus station and surrounding roads. As the crowd numbers started to go lower a member of ZAREEN who was running the night has approached me and thanked me for coming. I asked what the event was and was informed that it was a 60th Birthday party for 200 persons and was ticketed. I said to the male that there was way over that number however he insisted it was 200 as that's all the venue could hold. I left the venue around 3:30hrs.

Whilst I was there several local members of the public came up to myself and PC BLAIR complaining of the noise and regular issues that ZAREEN causes.

Dear all,

Regarding LAPRE6/24/70380

Can you please revoke the licence for Serenity Club in Edgware as they create a lot of nuisance and disturbance during the night?

This affects my family's mental health due to lack of sleep, and we feel unsafe every time when a gathering is held at this Club.

As previously e-mailed Barnet Council and raised my concern regarding the Noise emanating from this location

In the video below you can see/ hearing the music blasting from this location, the shouting of the people and the dog barking early in the morning, as well as they organised barbeque on the sidewalk blocking the entrance to my building.

As you can see, they function until 4 am without a permit.

Dear Sir/Madam,

TOWN AND COUNTRY PLANNING ACT 1990

Site:

**Alleged breach of planning control: Charter House, 158 Station Road, Edgware, HA8 7AW
Breach of Condition - Noise Nuisance**

Thank you for your enquiry concerning the above named property.

The matter you have raised will be investigated and you will be contacted on the outcome in due course. Please note cases involving a breach of planning control often take a considerable time to resolve. I attach details of the planning enforcement process overleaf.

If you require any further information at this stage, please contact the officer named above.

Yours faithfully,

**Jim Tottle-Nugent
Planning Officer
Planning Enforcement Team**

PLANNING ENFORCEMENT SERVICE

The Planning Enforcement Service's key role is to investigate breaches of planning control, to try and resolve such breaches through negotiation and where applicable to initiate legal action to secure compliance with planning legislation.

Our service commitments are:

- To deal with all enquiries in a courteous, confidential and efficient manner.
- To acknowledge written requests within 5 working days.
- To carry out an initial site inspection according to the priority (as outlined below).
- To keep all parties informed at key stages of the process.
- To resolve 70% of cases within 8 weeks.
- To notify all parties when investigations have been completed.

What is Breach of Planning Control?

For a breach of planning control to have occurred, the Council must first establish that development requiring permission has taken place. Not all development requires planning permission. Certain building works and some changes of use may be undertaken without planning permission.

The following are examples of activities which are not breaches of planning control and therefore enforcement action may not be taken under planning legislation:

- Parking of commercial vans on the highway in residential areas.
- Operating a business from a home where the residential use remains the primary use and there is no adverse impact on residential amenity.
- Parking a caravan within the residential boundary of a property providing that it is ancillary to the house.
- Clearing land of undergrowth, bushes and trees, providing they are not protected trees.
- Undertaking works that are permitted development, specific works that are exempted by legislation from the need to obtain planning permission.

What we do not do?

- Deal with disputes to do with neighbours
- Investigate land ownership/boundary disputes
- Investigate complaints regarding smells, noise or pollution
- Investigate anonymous complaints

What happens when you report a possible breach of planning control?

Your request will be acknowledged within 5 working days and allocated to one of our officers. Planning Law can be complicated and investigations into the alleged breach

of planning control may include a site inspection, detailed site history checks, land registry searches, liaison with other agencies and, at times, the taking of legal advice.

This can be a lengthy process and sometimes a number of weeks can pass before a complete response can be provided. Only in very exceptional circumstances can the Council stop work that is being undertaken.

What is considered before a decision is made on the action to be taken?

Once it has been established that a breach of planning control has taken place the Council must assess the extent of the breach before deciding on the action to be taken. There are several options available to the Council:

- Where the development causes little or no harm the Council may take no further action.
- Many unauthorised development can be resolved by negotiation. Often this proves to be the quickest and most effective method.
- Where a development could be adequately controlled, the council may advise the submission of a retrospective planning application so that, if necessary, conditions can be applied if the application is approved.
- Where the matter cannot be resolved, the council may take formal enforcement action.

What does formal enforcement action involve?

- This usually involves serving an Enforcement Notice, which will require certain steps to be taken within a specified period of time. The Notice can only require a return to the lawful position and specify works which are designed to remove the elements of harm. There is a right of appeal against the notice and when an appeal is made, the effect of the Notice is suspended until the appeal is determined. If no appeal is made or the Notice is upheld, prosecution can take place if the terms of the Notice are not complied with.

Which cases take priority?

The London Borough of Barnet investigates in excess of 1600 reports of alleged planning breaches a year and operates the service under the following priorities:

1. Alleged damage to a listed building or a tree protected by a Tree Preservation Order (where once the damage occurs it can often be irreversible).
2. Alleged unauthorised works that are taking place at the time of complaint and involve significant public harm.
3. Alleged breaches that have an impact on more than the immediate neighbours.
4. Other alleged breaches will be allocated an appropriate priority according to the nature and impact of the works.

**** Warning External Email ****

Dear Ms. Elisabeth Hammond,

I got your email address from my neighbor from flat number xx.

I hope this message finds you well. I am writing to express my concerns regarding the Serenity Suites located at 158 Station Road, Edgware HA8 7AW, as detailed in the email below.

My name is Madalina Panfil, and I live at xx Express Chambers, 158 Station Road, HA8 xxx. I wish to raise objections to the approval of the license for the above location. The noise and disturbance emanating from this establishment have highly impacted my mental health, caused by sleep deprivation. Additionally I suffer from psoriasis, and each gathering is happening at this location triggers very bad reactions for me.

During gatherings at this location, attendees often engage in loud shouting and screaming near the entrance, disturbing the peace of the night and making it challenging for my son and me to resume our sleep.

Additionally, participants frequently park their cars in the middle of the road, obstructing bus traffic from the nearby bus garage. This leads to bus drivers honking their horns to alert them, causing further disruption. On some occasions, arguments have escalated outside, necessitating police intervention to quell the disturbance.

I kindly request that you take my concerns into consideration when evaluating the extension of the license for this location.

Looking forward to hearing from you.

Sincerely,

**** Warning External Email ****

To whom it may concern,

Dear Sir/Madam,

We are writing in response to the review application submitted by Mr. Zekiel Cudjoe regarding the premises located at First Floor, 158 Station Road, Edgware, HA8 7AW.

First and foremost, we want to emphasize that we have consistently adhered to our licensing agreements and have never traded beyond our permitted hours. Our commitment to compliance with licensing regulations remains unwavering.

Furthermore, we have made significant adjustments to our operations, restricting our events exclusively to weddings and family functions. This strategic shift reflects our dedication to prioritizing the peace and well-being of the community.

Regarding the allegation of conducting events without the relevant licenses, we assert that we have always ensured that all necessary licenses are in place before hosting any gatherings or functions on our premises. Compliance with regulatory requirements is fundamental to our business practices.

In response to concerns about managing patron egress effectively, we have implemented additional measures to minimize any potential nuisance to the surrounding area. Our aim is to operate in harmony with our neighbours and the wider community.

While it is true that occasional club-type parties have been organized, we want to stress that these events are infrequent, occurring at most once every three months. We are committed to striking a balance between providing entertainment for our patrons and respecting the peace and tranquillity of our neighbourhood.

In conclusion, we respectfully request that our track record of compliance and our efforts to address any concerns raised be taken into account when reviewing our licensing status. We remain fully committed to upholding the licensing objectives and contributing positively to the community we serve.

Thank you for considering our response.

Your's Sincerely,

A.Sami Dinarkhail

**Guidance issued
under Section 182
Licensing Act 2003
(December 2023)**

11. Reviews

The review process

- 11.1 The proceedings set out in the 2003 Act for reviewing premises licences and club premises certificates represent a key protection for the community where problems associated with the licensing objectives occur after the grant or variation of a premises licence or club premises certificate.
- 11.2 At any stage, following the grant of a premises licence or club premises certificate, a responsible authority, or any other person, may ask the licensing authority to review the licence or certificate because of a matter arising at the premises in connection with any of the four licensing objectives.
- 11.3 An application for review may be made electronically, provided that the licensing authority agrees and the applicant submits a subsequent hard copy of the application, if the licensing authority requires one. The licensing authority may also agree in advance that the application need not be given in hard copy. However, these applications are outside the formal electronic application process and may not be submitted via GOV.UK or the licensing authority's electronic facility. The applicant must give notice of the review application to the responsible authorities and holder of the licence or certificate. The licensing authority is required to advertise a review application.
- 11.4 In addition, the licensing authority must review a licence if the premises to which it relates was made the subject of a closure order by the police based on nuisance or disorder and the magistrates' court has sent the authority the relevant notice of its determination, or if the police have made an application for summary review on the basis that premises are associated with serious crime and/or disorder.
- 11.5 Any responsible authority under the 2003 Act may apply for a review of a premises licence or club premises certificate. Therefore, the relevant licensing authority may apply for a review if it is concerned about licensed activities at premises and wants to intervene early without waiting for representations from other persons. However, it is not expected that licensing authorities should normally act as responsible authorities in applying for reviews on behalf of other persons, such as local residents or community groups. These individuals or groups are entitled to apply for a review for a licence or certificate in their own right if they have grounds to do so. It is also reasonable for licensing authorities to expect other responsible authorities to intervene where the basis for the intervention falls within the remit of that other authority. For example, the police should take appropriate steps where the basis for the review is concern about crime and disorder or the sexual exploitation of children. Likewise, where there are concerns about noise nuisance, it is reasonable to expect the local authority exercising environmental health functions for the area in which the premises are situated to make the application for review.
- 11.6 Where the relevant licensing authority does act as a responsible authority and applies for a review, it is important that a separation of responsibilities is still achieved in this process to ensure procedural fairness and eliminate conflicts of interest. As outlined previously in Chapter 9 of this Guidance, the distinct functions of acting as licensing authority and responsible authority should be exercised by different officials to ensure a separation of responsibilities. Further information on how licensing authorities should

achieve this separation of responsibilities can be found in Chapter 9, paragraphs 9.13 to 9.19 of this Guidance.

- 11.7 In every case, any application for a review must relate to particular premises in respect of which there is a premises licence or club premises certificate and must be relevant to the promotion of one or more of the licensing objectives. Following the grant or variation of a licence or certificate, a complaint regarding a general issue in the local area relating to the licensing objectives, such as a general (crime and disorder) situation in a town centre, should generally not be regarded as relevant unless it can be positively tied or linked by a causal connection to particular premises, which would allow for a proper review of the licence or certificate. For instance, a geographic cluster of complaints, including along transport routes related to an individual public house and its closing time, could give grounds for a review of an existing licence as well as direct incidents of crime and disorder around a particular public house.
- 11.8 Where a licensing authority receives a geographic cluster of complaints, consideration may be given as whether these issues are the result of the cumulative impact of licensed premises within the area concerned. In such circumstances, the licensing authority may be asked to consider whether it would be appropriate to publish a cumulative impact assessment. Further guidance on cumulative impact assessments can be found in Chapter 14 of this Guidance.
- 11.9 Responsible authorities and other persons may make representations in respect of an application to review a premises licence or club premises certificate. They must be relevant (i.e., relate to one or more of the licensing objectives) and, in the case of other persons, must not be frivolous or vexatious. Representations must be made in writing and may be amplified at the subsequent hearing or may stand in their own right. Additional representations which do not amount to an amplification of the original representation may not be made at the hearing. Representations may be made electronically, provided the licensing authority agrees and the applicant submits a subsequent hard copy, unless the licensing authority waives this requirement.
- 11.10 Where authorised persons and responsible authorities have concerns about problems identified at premises, it is good practice for them to give licence holders early warning of their concerns and the need for improvement, and where possible they should advise the licence or certificate holder of the steps they need to take to address those concerns. A failure by the holder to respond to such warnings is expected to lead to a decision to apply for a review. Co-operation at a local level in promoting the licensing objectives should be encouraged and reviews should not be used to undermine this co-operation.
- 11.11 If the application for a review has been made by a person other than a responsible authority (for example, a local resident, residents' association, local business or trade association), before taking action the licensing authority must first consider whether the complaint being made is relevant, frivolous, vexatious or repetitious. Further guidance on determining whether a representation is frivolous or vexatious can be found in Chapter 9 of this Guidance (paragraphs 9.4 to 9.10).

Repetitious grounds of review

- 11.12 A repetitious ground is one that is identical or substantially similar to:

- a ground for review specified in an earlier application for review made in relation to the same premises licence or certificate which has already been determined; or
 - representations considered by the licensing authority when the premises licence or certificate was granted; or
 - representations which would have been made when the application for the premises licence was first made and which were excluded then by reason of the prior issue of a provisional statement; and, in addition to the above grounds, a reasonable interval has not elapsed since that earlier review or grant.
- 11.13 Licensing authorities are expected to be aware of the need to prevent attempts to review licences merely as a further means of challenging the grant of the licence following the failure of representations to persuade the licensing authority on an earlier occasion. It is for licensing authorities themselves to judge what should be regarded as a reasonable interval in these circumstances. However, it is recommended that more than one review originating from a person other than a responsible authority in relation to a particular premises should not be permitted within a 12 month period on similar grounds save in compelling circumstances or where it arises following a closure order or illegal working compliance order.
- 11.14 The exclusion of a complaint on the grounds that it is repetitious does not apply to responsible authorities which may make more than one application for a review of a licence or certificate within a 12 month period.
- 11.15 When a licensing authority receives an application for a review from a responsible authority or any other person, or in accordance with the closure procedures described in Part 8 of the 2003 Act (for example, closure orders), it must arrange a hearing. The arrangements for the hearing must follow the provisions set out in regulations. These regulations are published on the Government's legislation website (www.legislation.gov.uk). It is particularly important that the premises licence holder is made fully aware of any representations made in respect of the premises, any evidence supporting the representations and that the holder or the holder's legal representative has therefore been able to prepare a response.

Powers of a licensing authority on the determination of a review

- 11.16 The 2003 Act provides a range of powers for the licensing authority which it may exercise on determining a review where it considers them appropriate for the promotion of the licensing objectives.
- 11.17 The licensing authority may decide that the review does not require it to take any further steps appropriate to promoting the licensing objectives. In addition, there is nothing to prevent a licensing authority issuing an informal warning to the licence holder and/or to recommend improvement within a particular period of time. It is expected that licensing authorities will regard such informal warnings as an important mechanism for ensuring that the licensing objectives are effectively promoted and that warnings should be issued in writing to the licence holder.
- 11.18 However, where responsible authorities such as the police or environmental health officers have already issued warnings requiring improvement – either orally or in writing – that have failed as part of their own stepped approach to address concerns, licensing authorities should not merely repeat that approach and should take this into account

when considering what further action is appropriate. Similarly, licensing authorities may take into account any civil immigration penalties which a licence holder has been required to pay for employing an illegal worker.

- 11.19 Where the licensing authority considers that action under its statutory powers is appropriate, it may take any of the following steps:
- modify the conditions of the premises licence (which includes adding new conditions or any alteration or omission of an existing condition), for example, by reducing the hours of opening or by requiring door supervisors at particular times;
 - exclude a licensable activity from the scope of the licence, for example, to exclude the performance of live music or playing of recorded music (where it is not within the incidental live and recorded music exemption)¹⁰;
 - remove the designated premises supervisor, for example, because they consider that the problems are the result of poor management;
 - suspend the licence for a period not exceeding three months;
 - revoke the licence.
- 11.20 In deciding which of these powers to invoke, it is expected that licensing authorities should so far as possible seek to establish the cause or causes of the concerns that the representations identify. The remedial action taken should generally be directed at these causes and should always be no more than an appropriate and proportionate response to address the causes of concern that instigated the review.
- 11.21 For example, licensing authorities should be alive to the possibility that the removal and replacement of the designated premises supervisor may be sufficient to remedy a problem where the cause of the identified problem directly relates to poor management decisions made by that individual.
- 11.22 Equally, it may emerge that poor management is a direct reflection of poor company practice or policy and the mere removal of the designated premises supervisor may be an inadequate response to the problems presented. Indeed, where subsequent review hearings are generated, it should be rare merely to remove a succession of designated premises supervisors as this would be a clear indication of deeper problems that impact upon the licensing objectives.
- 11.23 Licensing authorities should also note that modifications of conditions and exclusions of licensable activities may be imposed either permanently or for a temporary period of up to three months. Temporary changes or suspension of the licence for up to three months could impact on the business holding the licence financially and would only be expected to be pursued as an appropriate means of promoting the licensing objectives or preventing illegal working. So, for instance, a licence could be suspended for a weekend as a means of deterring the holder from allowing the problems that gave rise to the review to happen again. However, it will always be important that any detrimental financial impact that may result from a licensing authority's decision is appropriate and proportionate to the promotion of the licensing objectives and for the prevention of illegal working in licensed premises. But where premises are found to be trading irresponsibly, the licensing authority should not hesitate, where appropriate to do so, to take tough

¹⁰ See chapter 16 in relation to the licensing of live and recorded music.

action to tackle the problems at the premises and, where other measures are deemed insufficient, to revoke the licence.

Reviews arising in connection with crime

- 11.24 A number of reviews may arise in connection with crime that is not directly connected with licensable activities. For example, reviews may arise because of drugs problems at the premises, money laundering by criminal gangs, the sale of contraband or stolen goods, the sale of firearms, or the sexual exploitation of children. Licensing authorities do not have the power to judge the criminality or otherwise of any issue. This is a matter for the courts. The licensing authority's role when determining such a review is not therefore to establish the guilt or innocence of any individual but to ensure the promotion of the crime prevention objective.
- 11.25 Reviews are part of the regulatory process introduced by the 2003 Act and they are not part of criminal law and procedure. There is, therefore, no reason why representations giving rise to a review of a premises licence need be delayed pending the outcome of any criminal proceedings. Some reviews will arise after the conviction in the criminal courts of certain individuals, but not all. In any case, it is for the licensing authority to determine whether the problems associated with the alleged crimes are taking place on the premises and affecting the promotion of the licensing objectives. Where a review follows a conviction, it would also not be for the licensing authority to attempt to go beyond any finding by the courts, which should be treated as a matter of undisputed evidence before them.
- 11.26 Where the licensing authority is conducting a review on the grounds that the premises have been used for criminal purposes, its role is solely to determine what steps should be taken in connection with the premises licence, for the promotion of the crime prevention objective. It is important to recognise that certain criminal activity or associated problems may be taking place or have taken place despite the best efforts of the licence holder and the staff working at the premises and despite full compliance with the conditions attached to the licence. In such circumstances, the licensing authority is still empowered to take any appropriate steps to remedy the problems. The licensing authority's duty is to take steps with a view to the promotion of the licensing objectives and the prevention of illegal working in the interests of the wider community and not those of the individual licence holder.
- 11.27 There is certain criminal activity that may arise in connection with licensed premises which should be treated particularly seriously. These are the use of the licensed premises:
- for the sale and distribution of drugs controlled under the Misuse of Drugs Act 1971 and the laundering of the proceeds of drugs crime;
 - for the sale and distribution of illegal firearms;
 - for the evasion of copyright in respect of pirated or unlicensed films and music, which does considerable damage to the industries affected;
 - for the illegal purchase and consumption of alcohol by minors which impacts on the health, educational attainment, employment prospects and propensity for crime of young people;
 - for prostitution or the sale of unlawful pornography;
 - by organised groups of paedophiles to groom children;
 - as the base for the organisation of criminal activity, particularly by gangs;

- for the organisation of racist activity or the promotion of racist attacks;
- for employing a person who is disqualified from that work by reason of their immigration status in the UK;
- for unlawful gambling; and
- for the sale or storage of smuggled tobacco and alcohol.

11.28 It is envisaged that licensing authorities, the police, the Home Office (Immigration Enforcement) and other law enforcement agencies, which are responsible authorities, will use the review procedures effectively to deter such activities and crime. Where reviews arise and the licensing authority determines that the crime prevention objective is being undermined through the premises being used to further crimes, it is expected that revocation of the licence – even in the first instance – should be seriously considered.

Review of a premises licence following closure order or illegal working compliance order

11.29 Licensing authorities are subject to certain timescales, set out in the legislation, for the review of a premises licence following a closure order under section 80 of the Anti-social Behaviour, Crime and Policing Act 2014 or an illegal working compliance order under section 38 of and Schedule 6 to the Immigration Act 2016. The relevant time periods run concurrently and are as follows:

- when the licensing authority receives notice that a magistrates' court has made a closure order it has 28 days to determine the licence review – the determination must be made before the expiry of the 28th day after the day on which the notice is received;
- the hearing must be held within ten working days, the first of which is the day after the day the notice from the magistrates' court is received;
- notice of the hearing must be given no later than five working days before the first hearing day (there must be five clear working days between the giving of the notice and the start of the hearing).

Review of a premises licence following persistent sales of alcohol to children

11.29 The Government recognises that the majority of licensed premises operate responsibly and undertake due diligence checks on those who appear to be under the age of 18 at the point of sale (or 21 and 25 where they operate a Challenge 21 or 25 scheme). Where these systems are in place, licensing authorities may wish to take a proportionate approach in cases where there have been two sales of alcohol within very quick succession of one another (e.g., where a new cashier has not followed policy and conformed with a store's age verification procedures). However, where persistent sales of alcohol to children have occurred at premises, and it is apparent that those managing the premises do not operate a responsible policy or have not exercised appropriate due diligence, responsible authorities should consider taking steps to ensure that a review of the licence is the norm in these circumstances. This is particularly the case where there has been a prosecution for the offence under section 147A or a closure notice has been given under section 169A of the 2003 Act. In determining the review, the licensing authority should consider revoking the licence if it considers this appropriate.
